

MASK FIT TESTING

WD4041

PROGRAM DESCRIPTION: This course is designed for participants who are responsible for providing mask fit testing. Through presentations and demonstrations, participants will be able to identify the components of a respiratory protection program and conduct a proper mask fit and seal test.

OBJECTIVES:

At the conclusion of the session, the participant will be able to:

1. Describe the 2 mask fit test methods.
2. Describe the 2 steps in conducting a mask seal test.
3. Identify the components of a respiratory protection program.
